

WHY CHOOSE CLOTH Diapers?

Consider the costs...

... when the average baby will need about 6,000 diapers for the first 2 years of life.

Disposable Diapers Based on the average cost of 25.5 cents/diaper, diapering with disposable diapers will cost about \$1600 (\$66/month) to diaper for two years, excluding the cost of baby wipes.

Diaper services The cost for 60 cloth diapers/week averages \$15.00. This equals \$780 annually and about \$65 a month. Over the course of two years, a family will spend about \$1500 per baby for a diaper service.

CLOTH Diapers Each family will need about 6 dozen cloth diapers. It is possible to cloth diaper for as low as \$300, most of which will probably last for two children. That is one-tenth the cost of disposable diapers.
